

1853  
July  
14

Ampfield, Easton & Edward from  
who all acted very kind spent the  
time in suspense the children  
suffering from illness till the

20<sup>th</sup> June when we proceeded to Bristol  
as engaged to sail from the above  
place the children still suffer from  
cough supposed to be Hooping cough

27 our dear daughter Mary Ann  
died from dentition and spasmodic  
cough having been ill 5 weeks  
last 3 days in constant convulsion  
died in my arms

30 buried our daughter in the  
Gideon ground Bristol by Mr. B...  
deeply deplored by us

July  
10 Ampfield came to see us before  
we left spent a very happy day  
with him
